Proposal 1

"The Naming Of Things" uses photographs and anchor words to encourage the audience to consider the things that people with homes take for granted and encourages them to reconsider them from the perspective of the homeless.

The purpose of the project is to demonstrate the conditions of the homeless based on the naming of things like "Home", "Store", "Dinner", "Warmth", "Bedroom", "Laundromat", "Mobile Home", "Church" & "Bathroom".

All photos are mine.
